### Energetic Me

Today, I am going to talk about how energetic I am! I am going to talk about my strength, speed and hyperness. I hope you like the story of my energetic life! I love it so much that I can do it every minute of my life!

I love exercising and playing sports! My favorite sport is baseball, but I also like hockey, basketball and soccer! I play baseball and my team is the best team in the league in New Brunswick! I also play basketball, but I don't play any tournaments. We just practice. My favorite hockey team is the Toronto Maple Leafs. Actually, I go for Toronto for all the sports I like!

I am really hyper when I eat a lot of chocolate and candy. Sometimes when I eat supper, I get really full, but I can always fit dessert in my stomach. It's just weird! I love sweets like anyone else, but I'm different. I HATE chocolate! Chocolate in my mouth feels like a devil pinching my tongue.

I am very strong! I lift weights with my dad. I lift a maximum of 20 pounds and a minimum of 6 pounds. I love lifting weights because I show Taylor how strong I am! I also like when I grip the weights. The metal feels so good. It's like I'm heaven!

I am very fast because I train with Taylor racing her and kicking her bottom! I love running because I love the feeling of my feet thumping the ground! I also love the feeling when the breeze goes through my hair. Most of the time, I trip when I get to the half way point and then I hurt my knee. I can't run anymore after that. Too bad!
