Part ①

Once on a rainy day, I and my Mom took my dog Nike for a walk. Nike is black and white.

But suddenly, I looked down, Surprisingly my boot was stuck in the mud! I felt a little worried for a minute because I thought it was stuck for good! My Mom tried to get my boot unstuck. She was pulling so hard she was grunting!

But it still took a minute and a half! After she got me out I felt disgusting, because I fell in 7-inch deep mud! That's very deep! I am very happy that's over! I'm happy that's never going to happen again.
