### **ACCESS TO SCHOOLS “STUDENT/PARENT ACCESS”**

- Beginning the week of May 4<sup>th</sup> students, parents and/or guardians will be permitted access to schools in order to retrieve personal items. Principals will determine an access schedule that ensures physical distancing protocols are observed and this schedule will be shared with parents.
- The schedule will be posted by Friday May 1st on the school’s website and a voice mail message will be sent to the parents.
- All students or parents accessing schools will ensure they are following the screening protocols that will be posted at the building access points.
- In all cases, physical distancing protocols (2m/6 ft from another person) must be observed
- For K – 8 schools, school staff will package all students’ personal belongings in bags that will be labeled with the student’s name. Parents will pick the bags up at the designated school access point at the time listed on the schedule. In the event a parent needs to visit a classroom or locker area, they will be accompanied by a staff member and all physical distancing protocols must be followed.
- For 9 -12 schools, students and/or parents will be permitted escorted access to the locker area or classroom, if applicable, to retrieve items at the times designated on the schedule. Staff will be available to escort students and parents in the school. Physical distancing protocols must be observed.
- Parents and students are not required to wear a mask if physical distance is maintained; however, it is strongly recommended that people wear a mask in public settings.
- Parents and students will observe sanitizing and hand washing protocols. In some cases, hand sanitizer will be available at entrance and exit points and must be used by anyone entering or leaving the school. In other schools the entrance and exit points will be close to a washroom and anyone entering or leaving the school must wash their hands.
- Parents and students will collect belongings in a timely manner and not be actively involved in socializing.
- Thank you for your understanding in this matter.
