

Hello Parkwood families! I know that our current situation can be difficult, and that home learning may cause extra stress. Please know that your school family is thinking about all of you and want to help however we can. Your teachers and staff at Parkwood are still here to support you if you need help. If you are looking for information or support, please feel free to contact me through e-mail. If we don't have the means to help, we will direct you to organizations in our community that can. Please remember to take care of yourselves and your family!
