**Descriptive Writing:** We will be starting a new unit in writing which will focus on our five senses. By using our five senses students are able to add more details to their writing and are able to describe aspects of their writing so that the reader can picture it in their mind. You may print off the My Backyard web/planning page or draw it out in a scribbler for your child to fill in. See attachment My Backyard for more information.

## Bonus Activities:

**Thursday: Outdoor Scavenger Hunt:** Scroll down for list of items to find.

**FRIDAY: MOTHER'S DAY FINGERPRINT BIRDS CARD**

**CREDIT TO:** [HTTPS://OURKIDTHINGS.COM/MOTHERS-DAY-FINGERPRINT-BIRDS-CARD/](https://ourkidthings.com/mothers-day-fingerprint-birds-card/)

Supplies needed:

- Cardstock – various base card colors
  - Acrylic paint – green, bird colors or washable markers
  - Black marker
  - Scissors
1. Begin by folding a full sheet of cardstock/paper in half.
  2. Now, pour a little spot of paint on a tray of your choice. Or, you can also apply paint directly onto the thumb and finger. With paint **on the thumb, press completely onto the center of the card**. May also color your thumb and one finger with washable marker.
  3. Do the same with the **fingertip**. Press onto the center of the card, next to the thumbprint. Wait for the prints to dry.
  4. Draw a small beak for both birds and feet.
  5. Then, draw a swirly line with the black marker under the birds' feet. And draw small branches extending from the line.
  6. Dip a fingertip into green paint and make fingerprint leaves along the branches.
  7. When all is completely dry, make 2 small dots for the birds' eyes and simple wings, too.
  8. Once the front of the card has dried, open it up and write a message to a special lady in your life. For example, mom, grandmother, step-mom, babysitter....
